

EDITORS' PREFACE

This issue of *Archives Italiennes de Biologie* contains Proceedings of three *Symposia* at the 55^o Congress of the Italian Society of Physiology, organized in Pisa by P. Bagnoli and P. d'Ascanio, held on October 4-6, 2004.

The *Symposia* have been presented by O. Belluzzi and P. Negri-Cesi on "*New perspectives in the development of nervous system*", by B. Ghelarducci and A. Colantuoni on "*Breathing, heart and cognitive activity*" and by G. Fanó and E. Bergamini on "*Mechanisms of aging*".

O. Pompeiano and P. Pietrini
